

happy kids

“ All we wish is for our little ones to feel safe, settled and above all... happy ”

Our Philosophy

Every child is a unique learner and we respect this individuality in every aspect of their learning. At Happy Kids we build a homely, secure and naturally enabling environment to best support each child's learning and to develop their social, physical, emotional and cognitive skills.

Our Vision

It is the vision of Happy Kids to create a homely, comforting, fun and secure environment, both indoors and outdoors, where children and their families feel welcome and can fully embrace a wonderful early years' experience. Our focus is on each child as an individual, guiding them to realise their full potential through play.

Our Mission

At Happy Kids we provide our children with an enriching learning space, both indoors and outdoors, which gives them a strong and rich foundation for lifelong learning.
